Open trellis sides and solid back
 Pressure treated
 Natural timber finish

The Party Arbour

The secret of this cleverly designed arbour is the variety of roles it will fulfil. With the seat neatly folded away and two side panels raised to create handy tables for all those barbecue bits and pieces, it's the perfect focal point for any party.

Then in the morning, following a night of entertaining, the seat and tables fold back down again to offer a tranquil haven in which to enjoy the garden's colours and scents, or simply to spend a little time by yourself before a busy day.

Size (mm) d x w x h	Code
